

3D stylized realism, where a knight attacks a giant dragon. The dragon blocks him, uses him as an "itch scratcher," flings him off, and relaxes on the summit.

External Prompt Enhancer

A novice knight climbs a mountaintop to challenge a giant dragon. He swings his sword, but the dragon casually blocks the attack. After toying with him like an "itch scratcher," the dragon effortlessly flings him off the mountain and ... (430 characters in total)

Wan 2.2

Wan 3.0

...A 3D Animation ... Stylized Realistic art style ... hard Sunny Light ... third-person objective.. .measured editing pace ... a dynamic orchestral score ...
Shot 1 (00.00-04.00s) static, eye-level long shot ... rocky mountaintop ... knight stands ready ... dragon coiled lazily ... tense heroic orchestral theme...
...
Shot 6 (22.00-30.00s) ... eye-level long shot ... opening composition ... dragon settles contentedly ... empty summit ... BGM fades into ambient wind...
